

8700
EVO-X

THE POWER OF X

Model 8700 EVO X™

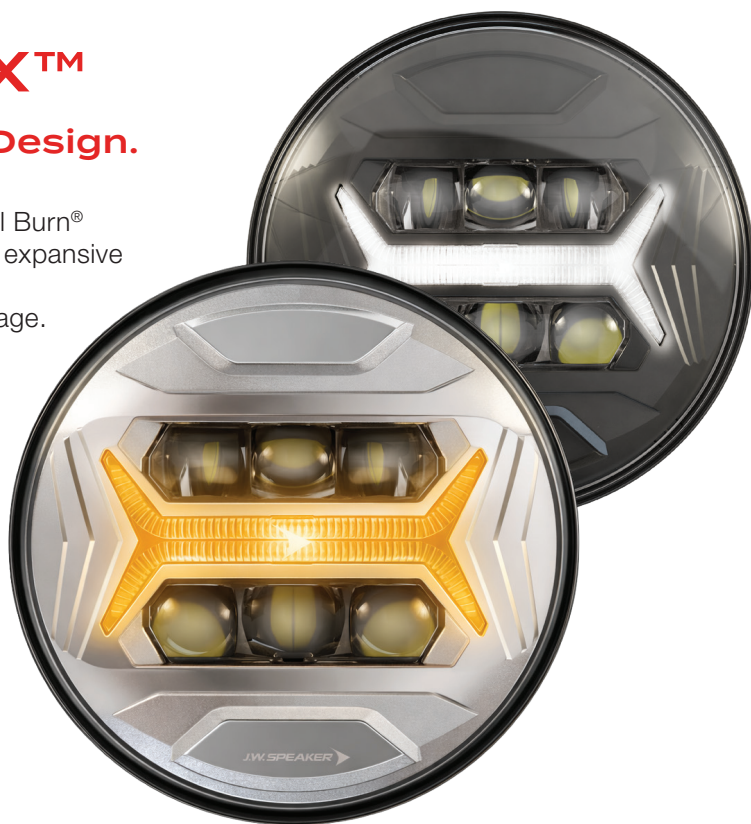

Serious Performance. Smarter Design.

The EVO-X™ line redefines what a headlight can be. Engineered around industry-leading J.W. Speaker Dual Burn® technology and a precision optical platform, it delivers expansive low beam coverage with powerful high beam punch maintaining consistent, full brightness even at low voltage.

Featuring a bold new "X" Optic design, a slimmer profile to fit standard headlamp mounts, and reduced part weight, it offers a modern look, simplified installation, and dependable performance in demanding environments.

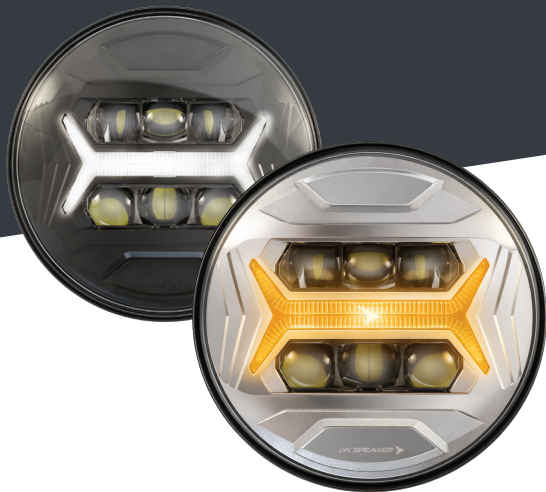

Key Specifications

- 5-in-1 Forward Lighting Configurations
- Full Brightness at Low Voltage
- Smooth, Homogeneous Beam Pattern
- LED Output / 5700K
- Modular Optic Design
- ECE Compliant
- P67 & IP69K Rated Connector

J.W. SPEAKER 
Engineered. Lighting. Solutions.

Model 8700 EVO X™

7" Round PAR56

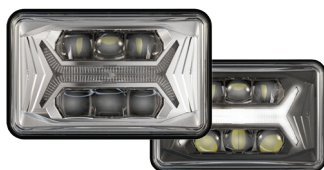

The 8700 EVO-X™ is purpose-built for vehicles that work when others don't. Its best-in-class uniform beam pattern delivers smooth, controlled illumination for roads, rural highways, and low-visibility environments. Wide low beam coverage enhances peripheral awareness, while high beam punch provides down-road clarity. Engineered to survive the harshest environments and with-stand vibration, extreme temperatures, and moisture exposure.

Model 8600 EVO X™

5.75" Round PAR46

The 8600 EVO-X™ delivers reliable performance in a refined, compact 5.75" (PAR46) platform. 5-in-1 forward lighting configurations are the best-in-class, producing a smooth, controlled illumination for on-road and specialty applications where clarity and consistency matter. Slimmed to fit standard headlamp mounts and built on a modular optic design, it enables clean integration without sacrificing professional-grade output.

Model 8800 EVO X™

4" x 6" Rectangular

The 8800 EVO-X™ features industry-leading J.W. Speaker Dual Burn® technology, delivering wide low beam spread with powerful highbeam punch. The enhanced precision beam pattern produces smooth, even light with no streaks or dark spots, while neutral white LEDs improve driver alertness and visibility. It fits standard headlamp mounts and installs plug-and-play across model years. H4 compatibility simplifies upgrades and reduces downtime.

Model 8900 EVO X™

5" x 7" Rectangular

The 8900 EVO-X™ is engineered for sustained performance in demanding environments. Its smooth, homogeneous beam pattern minimizes glare and dark zones, delivering precise, controlled illumination for highways, job sites, and low visibility conditions. Neutral white LEDs enhance clarity and awareness during extended operation in a streamlined, efficient design.

Part Number	Description
0562291	8700 EVO X - LED Head Lamp Insert 12-24V 5 In One Low/High/Turn/Park & DRL - Black
0562301	8700 EVO X - LED Head Lamp Insert 12-24V 5 In One Low/High/Turn/Park & DRL Chrome
0562661	8600 EVO X - LED Head Lamp Insert 5-3/4" 12-24V 5 in One Low/High/Turn/Park & DRL -Black
0562671	8600 EVO X - LED Head Lamp Insert 5-3/4" 12-24V 5 in One Low/High/Turn/Park & DRL -Chrome
0562211	8800 EVO X - LED Head Lamp Insert 12V-24V Low/High & Park - Black
0562221	8800 EVO X - LED Head Lamp Insert 12V-24V Low/High & Park - Chrome
0562061	8800 EVO X- LED Head Lamp Insert 12V -24V High Beam PC - Black
0562071	8800 EVO X- LED Head Lamp Insert 12V -24V High Beam PC - Chrome
0562721	8900 EVO X - LED Head Lamp Insert 12-24V High/Low & Park - Black
0562731	8900 EVO X - LED Head Lamp Insert 12-24V High/Low & Park - Chrome
